“OUR VETERANS AND TROOPS ARE SWEET AS CANDY”

Education is an important concept as we place a specific emphasis on the children of our veterans and troops. We also provide and promote an opportunity for quality education for our youth and adults through classroom interaction, literacy programs, scholarship promotions, and positive support beyond their high school years.

Our youth are our future, and as we continue to strive for this “sweet taste,” it enables positive results for this program as we move towards the next 100 years. We must be proactive, informative, and diligent because our youth will be the benefactors of this effort.

There are important dates and ideas located in your Plan of Action. Please share these opportunities with your units, and let us make this a stellar year for Education! Moving forward, we will provide our youth the chance for success! Let’s work together and give them the sweet taste of their favorite candy!
