

2020-2021 American Legion Auxiliary
Department of Virginia
Juniors Programs Action Plan
“Junior Mints!”

We have so much to look forward to this year, and can not wait to see all of the great things the ALA Juniors are going to accomplish. My Vice Chair and I have great plans for mentoring Junior members who are “mint to be” successful senior members, as well as building membership across the state. We hope to have more face-time with Junior members - be it in person or by utilizing technology to make Junior meetings more accessible. Abby and I believe mentorship is one of the most important parts about Junior membership, and hope to build lasting mentor relationships.

The overarching goal for the Department of Virginia Junior members is to celebrate 100 years of Service with 100 service projects across the state. It is our goal to incorporate this celebration of service with the ALA Junior Patch Program!

Looking forward to meeting and working with you all!

For God and Country,

Kathleen Keller
