

Past Presidents Parley Committee

The purpose of the Past Presidents Parley (PPP) Committee is to utilize the experience and knowledge of Past Department Presidents, Past District Presidents, and Past Unit Presidents for mentorship and encouragement of future leaders and support of new leaders at their respective organizational levels. The Department PPP Committee also recognizes and honors one Past Department President annually with a luncheon in their honor, who after their year of service as president continues to remain actively engaged in ALA activities. Units may choose to have their own PPP committee with designated functions, however it is optional.
